PROFILE

Hello, I'm Büşra. I graduated from the Software Engineering department at Doğuş University. My expertise includes HTML, CSS, JavaScript, React.js, Redux Toolkit, and Tailwind CSS. I am a quick learner who enjoys research and adapts quickly, with a strong inclination towards teamwork. My goal is to continually learn and contribute to innovative and successful projects in my field.

EXPERIENCE

Front-End Developer Intern

Siparişim A.ş

July-August 2023

During my internship, I worked with HTML, CSS, JavaScript, and React.js technologies. Additionally, I gained insights into how large projects are managed from start to finish.

Test Engineering Intern

Paketle A.ş

August-September 2023

By learning test techniques, I gained the ability to effectively apply various methods to improve the reliability and performance of software.

Software Developer Intern

Yıldız Teknik University IT

September- October 2023

During this internship, I learned SQL and ASP.NET Core technologies. By practicing database management and SQL queries, I gained knowledge in user management and authorization with ASP.NET Core. In addition to technical skills, I also improved in teamwork and project management.
